

NPA in Cyber Security

Graduate Case Studies

PAWEL SWIECHOWICZ

Profile

As a recent graduate of West Lothian College's Digital Upskilling NPA SCQF Level 6 in Cyber Security, Pawel Swiechowicz is a dedicated professional with solid experience in data processing (also as a Workflow Supervisor) within the financial services industry. An effective communicator at all levels, with good problem-solving, analytical, and organisational skills. Pawel is highly motivated either in a team or working on own initiative.

Qualifications and education:

- Extensive experience using Microsoft Office and Royal Bank of Scotland (NatWest Group) applications
- Recently completed Data Skills for Learning, Life & Work (SCQF 4) 2021
- Obtained Professional Bankers Certificate from The Chartered Banker Institute (2020)
- Possesses a bachelor's degree in Pedagogics (2005)

Experience of the Course

"I wanted to take this course as I thought it was interesting and I wanted to improve my skills on home security. The teachers were great, and I was able to get a glimpse into how I can make my home cyber security better.

Some of the skills I've learned from the NPA include digital forensics, using Kali and Linux, and other specific software usage. I would now like to pursue an entry-level position as a penetration tester."

- Pawel Swiechowicz
